

The Leukemia & Lymphoma Society offers **FREE** disease, treatment and support booklets, resources and programs. The following are examples of resources we hope are helpful. LLS offers free one-on-one personalized support via the Information Resource Specialists, Clinical Trial Support Center and Personalized Nutrition Consultations.

Visit www.LLS.org/PatientSupport to discover more of LLS' free resources.

INFORMATION RESOURCE CENTER

Speak one-on-one with an Information Specialist who can assist you through cancer treatment, financial and social challenges and give accurate, up-to-date disease, treatment and support information. *Our Information Specialists are highly trained oncology social workers and nurses.*

www.LLS.org/IRC

CLINICAL TRIAL SUPPORT CENTER

Work one-on-one with an LLS Clinical Trial Nurse Navigator who will help you find clinical trials and personally assist you throughout the entire clinical-trial process.

Taking part in a clinical trial may be the best treatment choice for some blood cancer patients. There are trials for patients at every stage of treatment as well as those in remission. Virtually all of today's standard treatments for cancer are based on previous clinical trials.
